DRILL SHOWS EFFICIENCY OF FIRE DEPT.

Commissioners Receive Copies of New Rules and Regulations

Less than five minutes from the time a drill fire alarm first sounded from Box 36 at the high school, Thursday evening, the high school gymnasium was surrounded by four lines of hose, a forty-foot ladder and two twenty-foot ladders had been raised, and streams of water were carried over each one, it was reported today by Fire Chief Andrew P. Chesney.

This effective demonstration of the speed and precision with which Daly City's fire department can respond to alarms was the result of a joint drill called by the chief for Companies 1, 2, 3 and 6.

The fire department has keys to the gates and despite the slight delay necessary to stop and unlock them, the drill was very successful and very prompt, according to the chiefs and the board of instructors who had laid out the test.

The fire department also announced that patrons of the high school swimming pool must observe the "No Parking" signs around the buildings.

Copies of the new rules and regulations ordered by the city council, which had just been received from Chief Chesney, were distributed at the Commissioners' meeting yesterday evening.

Water Dept. Paints Hydrants

Fall housecleaning is under way at Daly City's water department, with an announcement today from A. J. Bodien, water superintendent, that more than 200 fire hydrants in town are being chipped this week and given a fresh coat of white paint. Each individual hydrant is also being carefully tested, he said.

The fire alarm system is also being overhauled and all boxes painted red.

There have been twelve new meter installations during the month of September of this year, Bodien reported. During the past month there were 39 water deposits made by new families moving into the community.

Judge W. H. Clay Presides at Court

Nellie Herzog, Sharp Park, was given a suspended sentence of $25 and six months' probation, Friday afternoon, by Judge Wade H. Clay, on a charge of selling alcoholic beverages without a license.

Ray M. Keen, Lomita Park, was fined $10 for speeding; Charles Steele, 643 Divisadero street, $25 with $10 suspended, for reckless driving; R. C. Wilson, 463 Eighteenth street, $10 for speeding, and Clarence L. Purdy, San Mateo, $10 for speeding.

The Record Publishes Two Serial Features

In this issue The Record introduces two new popular serial features: an informal history of the Daly City Fire department, and a pro and con discussion on the political issue of the day, Ham and Eggs. See pages 3 and 5.

Footlights Set For Local Stars

Leading parts in Walter Montague's "Peacemaker," a one-act comedy-drama, will be taken by Frances Poket, Elinor Shannon, Karl Sirvain and Alfred Bulf.

"Another Beginning," a one-act comedy by Guernsey LaPelley, will star Jean Sirvain, R. T. Krogh and Ralph Capps.

The third one-act comedy, "Pork Bench," will be played by Dorothy Selmi, Karl Sirvain and Alfred Bulf.

Specialty acts include Ralph Capps, tap dancer; Frances Poket, acrobatic dancer; Albert Marcucci, baritone; Leona Crum, vocalist; Shirley Daly and partner, soft shoe team; Mary Rossof, vocalist, and Ruth Moorehouse in popular songs.

Jefferson Union high school's orchestra will also play, accompanying the artists.

Form SRA Sewing Project In Daly City

Formation of an SRA sewing project here which will employ 25 women and will result in a monthly payroll of approximately $1000, was announced this week by City Engineer Julius F. Castelan. The first project of its kind to be established in Daly City, the project is scheduled to begin today.

Work on a six-foot fence which will surmount a low curb around the playground at the Brunswick street park was started this week.

In addition to the children's play equipment, the park will also have a tennis court, and places for checkers, chess and shuffleboard.

A survey was completed this week for an additional sewer on Junipero Serra boulevard, the city engineer reported.

Castelan also said that since the rezoning ordinance had been passed by the council, the establishment of a retail poultry store at Junipero Serra, south of Westlake, is planned by Jack Papazian, proprietor of a local chicken farm.

Completion of repairs in the cracks on School street was announced. The road crew are working on Station street this week.

Tandy Resigns Recreation Post

Enid F. Tandy, Recreational director for Daly City, has been appointed superintendent of Vallejo's Recreational department. Tandy's resignation from the local department becomes effective October 13 and he will take over his duties in Vallejo on October 15.

His successor has not yet been named.

Before coming to Daly City four months ago, Tandy was recreational director in Las Vegas, Nevada.

One of Tandy's outstanding accomplishments here was the formation of a Boys' club, a self-governing body of approximately one hundred and fifty boys, devoted to sports.

Prior to the time that Tandy took over the job of Recreation director here, the post was held by Jerry Hull, who was also transferred to another position.

JEFF INDIANS SCORE HIT AT S. F. PARK

Featured Cowboy Band and Songsters Prove Popular

Members of San Francisco's swanky Exchange club almost forgot to eat their excellent luncheon at Aquatic park yesterday, so absorbed did they become in the swinging melodies of Jefferson's inimitable Indians of Rhythm.

Young Daly City turned out with a vim to make yesterday one of the most memorable appearances of the troupe. Barbara Davis, as Miss Daly City, was an instantaneous hit. A featured cowboy band, making its initial appearance, proved that the versatile Indians have no difficulty in veering from continental dance music to cowboy chants with equal success.

Several individual performers also made their debut yesterday afternoon, including Miss Puricelli, "The Lamp Is Low;" Tillie Castro, "I'm Sorry for Myself;" Bob Dyer, "White Sails;" Frank Chapin, "You Tell Me Your Dreams;" Ralph Mateucci, "Little Girl Dressed in Blue," and Frank Rivas, with an accordion solo.

Others included: Al Macucchi, "To You;" Shirley Allen, "All I Remember;" Julia Yonan, "An Apple for the Teacher;" Jessie Brown, "Over the Rainbow;" Louis Caserza, "Old Mill Wheel;" Ralph Shinazy, "Melancholy Moon."

The Indians will play at the school dance Friday night, and will also appear at the Daly City theatre October 20.

Colma Captures Numerous Awards At San Mateo County Fiesta

Capturing more than half a hundred high awards at the annual San Mateo county Fiesta at Bay Meadows, Colma again this year conclusively demonstrated the superiority of her agricultural and floral products.

"Most extensive, perfect and most varied exhibit of agricultural and horticultural products shown by any district" was the version of the judges in awarding first prize for community display to Colma, sharing first honors with Pescadero. Colma's exhibit was arranged by the Colma Vegetable association.

In the floral section of the Fiesta, several notable firsts were claimed by this area. E. W. McClellan was awarded first prize for garden setting with flowering plants, and also for a first for best group of cut flowers of all commercial varieties. Cypress Lawn nursery won first prize for section of garden featuring carpet bed.

The Garden Valley Nursery, Colma, also won high awards in various divisions of the flower show.

El Carmelo Parlor No. 181, Native Daughters of the Golden West, Daly City, won second award in the jellies, jams, pickles, relishes and preserves division of the home-canned and preserved foods exhibit.

The Colma Vegetable association was given a special award for the "Most meritorious exhibit with emphasis on number of entries."

In the vegetable displays limited to commercial growers, P. Cafferata and A. Del Bonno, both of Colma, won second and third awards respectively for the "best arranged display vegetables and seasoning plants."

Colma Vegetable association captured seven out of ten first awards in the vegetable sweepstakes, and one second. Angelo Rovere, Colma, won one first in the sweepstakes and six seconds. P. Cafferata won two seconds in the sweepstakes.

Local Directories Go Around the World

Fifty more Daly City directories started on their way around the world this week when students of Miss Edna Smith's commercial classes at the Jefferson Union high school stopped at The Record office Monday to request additional copies of the handbook.

The students send the directories to their correspondents in foreign lands.

Jefferson Loses Game With Mission

Jeffs lost to Mission, 13-20, in a Varsity game played on Jefferson Union high school gridiron, Thursday. Mission proved to be superior in weight and power and scored in the first, second and third quarters. They converted twice.

Jeff finally got started when Poddig blocked a Mission kick and Chapin fell on the ball for Jefferson. A line plunge, a run around end by Guisti, and a pass from Guisti to Chapin was good for a first down on Mission's twenty yard line. A Capps to Poddig pass made another ten yards as the third quarter ended. The first play in the fourth was a run around end by Guisti for a touchdown. Guisti also converted on a fake buck lateral end run.

Jefferson ended the game in a blaze of glory, when with less than two minutes to play, Bob Christen intercepted a pass and behind perfect interference ran 60 yards for Jeff's second score. No conversion.

In every game the Jeffs show improved coordination, team work and faster head work than in their previous game.

Jefferson Varsity team will play Piedmont high school at Piedmont, and the Jefferson fresh-sophs will meet Mission's fresh-soph team on the Jefferson field tomorrow. Both games start at 3:30 p. m.

D. C. Horseshoe Club Defeats Crocker-Amazon

Daly City Horseshoe club again showed their championship calibre when they beat Crocker-Amazon 20-16 games, Sunday, on the Amazon courts.

History of Daly City Fire Department

(Editor's Note: This is the first installment of an informal history of the Daly City Fire department, dedicated to "those who serve—not for personal gain—but for the welfare of all."

Through the cooperation of William J. C. Goldkuhl, E. W. Goldkuhl sr., and Edward W. Goldkuhl jr., authors, and the Daly City Record, this interesting story is made available to the general public.)

In May of 1907, Vista Grande, which lay just over the county line from San Francisco, was an unincorporated town of frame buildings, unpaved streets and no water system. It was a little town whose citizens had been driven there by a major catastrophe, the work of those twin demons, earthquake and fire. Even so, a town menaced by the very evil from which its citizens had fled. The town fathers realized that something must be done to protect against this, so, on June 12, 1907, a committee of Brown, W. G. Clouse and G. Newman from the Vista Grande Improvement club was appointed to arrange for a volunteer fire department and fire alarm system.

When on August 2, 1907, the roll of the newly organized Fire department was called, those who answered present were: Chief, George A. Edmonds; Captain, G. W. White; First Lieutenant, C. E. Montgomery; Second Lieutenant, R. R. Baldwin; Third Lieutenant, A. B. Clark; Secretary, Joseph Duartey; Treasurer, E. D. Morefield, and Members: William C. Goldkuhl, E. W. Goldkuhl sr., R. A. Jess, G. W. Havenstein, E. Burdick, D. F. Ferrites, William Cook, J. W. Johnson, William H. Jacobs, H. C. Barker, W. S. Capps, A. Newman, J. Harders, A. J. Bodien, F. A. Sohrman, Walter Wolf, E. Ryan, A. Johnson, W. E. Ferguson, P. Christensen, P. Kellar, George R. Hammer, Edward W. Fawre, J. J. Leslie, B. J. Ford, W. B. Rico, Theodore Laykayette, B. W. Dulberg, S. S. Shelley, C. C. Cleveland, Henry S. Barnes, J. R. Bennette, G. Klose, John Bracken jr., H. S. Smith, James Poket, Louis Kamajo, and K. O. Whitson.

The first meeting of the newly organized Fire company was held at Poket's hall, and a committee was then appointed to solicit contributions to build a bell tower and purchase a chemical (hand variety) fire extinguisher. Chief Edmonds issued orders that all members respond with their own buckets until equipment could be purchased. Buckets in the 1907 Fire company were the most important item of equipment.

September and October, 1907, saw four noteworthy events take place, namely: the erection of the bell tower on the corner of what is now Vista and Miriam streets; the formation of a Ladies auxiliary (which did much to raise funds for fire fighting equipment through dances and socials); the Fire department's efforts to put a water system into the tract; and the fighting of the first fire at the Vista Grande Grocery.

(This history will be continued in the Daly City Record next week, October 11.)

Company No. 2, Daly City Fire department with equipment in background. Kneeling is Captain G. Ford. Left to right are Assistant Chief F. Hanson, Commissioner E. Forsell, Battalion Chief E. Kennedy, Marshal E. Olson, E. Goldkuhl jr., J. Twesten, B. Leahy, C. Kenyon, E. Goldkuhl sr., Lieutenant D. Rigler, Secretary-treasurer H. Rickman, R. Sanders, and A. Harrison. E. Heimes is also a member. The authors of the Daly City Fire department history, three generations of the Goldkuhl family, have been active in this company since its origin.

Tonto Is Going To The Exposition

Tonto is going to the Fair—Tonto in glossy reddish coat and with aristocratic bearing—and he intends to bring home another cup or blue ribbon. Tonto has quite an accumulation of cups and ribbons, thirteen ribbons and three cups, which he has won since he entered his first cat show two years ago when he was but a kitten.

He's quite proud, too, proud of pure-bred forebears of red Peke faces, and his membership in the San Francisco-Oakland Cat club. So he sits in his home at 250 Miriam street and looks at the calendar where October 7-8 is encircled in red, and purrs, "Those are the dates when I win more ribbons at the Fair." And his mistress, Mrs. C. Cogeshall, heartily agrees with him.

CALIFORNIA How and Now!

By Charles J. Husband

(The following article is prepared as a condensed version of the talk given by Mr. Charles J. Husband who is a member of the Faculty of the Southwestern University, Tax Counsellor and President of Tax Research, Inc. The figures upon which Mr. Husband's talk is based are those furnished by the State Chamber of Commerce and the Federal Reserve Bank as compiled by Mr. Ormsby of the Research Department of that organization.)

In order to limit this talk to the subject of taxation, I believe it can best be done by making a broad statement of ultimate accomplishment, and then prove that statement by fact and logic.

The broad statement is as follows: "Within three years after adoption of the California Retirement Life Payments Amendment, there will be no taxes in California as we know them, but instead, all governmental expenses will be met by a charge of less than 3 per cent upon only the new business created by the operation of the plan. Virtually only a small commission will be charged for creating new business."

As a basis in fact, we have some known factors. From the Federal Reserve reports, we know that in 1938 California's gross business was in excess of 30 billions of dollars and for the sake of easy remembrance, let's use a flat figure of 30 billions of dollars which is somewhat an understatement. The issuance of $30.00 per week in new purchasing power to an estimated five hundred thousand eligible citizens, will create 780 million dollars in new purchasing power per year. The average rate of turnover on this new purchasing power will be speeded up considerably in comparison to money turnover due to the dated feature of the warrants to be used. That is the requirement that a 2 cent stamp be affixed to every dollar warrant each week, or a 2 cent debit be charged against each dollar warrant each week, makes it necessary that these warrants or warrant credits be spent to avoid this charge.

Will Bring New Business

Let's assume that the turnover on this new 780 million dollars will be only once per week to be conservative. This rate of turnover on this new amount of purchasing medium would result in the production of new business more than equal to the present volume of 30 billions of dollars per year. The circulation and the spending of this new medium issued to our citizens 50 years of age and over is not the only addition to our purchasing power which will be accomplished by the adoption of this Amendment. Just consider for a moment the purchasing power that will be in circulation because of the spending of money which will be paid as wages to our people under the age of 50 who will be re-employed because of the demand for goods and services created by the spending of the $30.00 per week given to our elder citizens.

However, the statement I made in the beginning of this talk is only partly proven. In next week's issue of The Record, I will explain how it can and will be done under the California Retirement Life Payments amendment.

CON

"Thirty-Thurs." Plan Analyzed

By John M. Peirce,
Tax Counselor,
California Taxpayers' Assn.

The California State Retirement Life Payments Plan proposes to establish a state old age pension system allowing thirty one-dollar warrants per week to every citizen over fifty years of age who satisfies certain eligibility requirements. This pension would not be payable in money but in stamp scrip which is designed to be self-liquidating through the affixing thereto of cash redemption stamps.

In order to facilitate the pension plan, the measure provides for the establishment of a state bank with a capital of $50,000,000. This bank would handle the system of stamp currency and it would also serve as the sole depository for the State and all its local governments, whether their revenues were cash or scrip. At the same time it would be authorized to carry on a regular commercial banking business involving the use of real money. There is also provision for the levy of a gross income tax at the flat rate of 3 per cent and for the creation of a state tax commission to administer this tax. The general administration of the plan would be vested in an individual titled the "administrator."

Inasmuch as this proposed pension plan and monetary plan in its present form has never been tried or operated successfully, it is difficult to determine exactly just what might happen if the amendment were adopted by the voters of California next November. The plan would have to run the gamut of many possible obstacles, including (1) the United States Constitution; (2) the inability of the administrators to put the plan's administrative machinery into operation; (3) the unwillingness of business firms to accept the warrants in trade; (4) the disinclination of taxpayers to acquire and use warrants for tax-paying purposes; (5) the impossibility of converting warrants into cash for financing interstate commerce; (6) the possibility of skyrocketing price levels; and (7) the possible paralysis of governmental finances.

The following comments, therefore, embody a number of mathematical and other assumptions based partly on what could be expected if the plan operated as promised by the promoters and partly on what might happen if the plan failed.

1. Estimated Qualified Pensioners Approximately 1,000,000

The United States Census of 1930 indicated that there were at that time, 1,160,455 people in California over fifty years of age, or 20.4 per cent of the population. On January 1, 1939, the population of California was carefully estimated at 6,940,000, so that if the age distribution today is the same as it was in 1930, there should be approximately 1,416,000 people in California today who are over fifty years of age. Many of these would not be eligible for pensions because of personal choice, such as in the case of professional persons continuing their employment or because of lack of citizenship. On the assumption that two-thirds of the people over fifty would qualify and apply for pensions, roughly one million persons would receive retirement warrants. This number would be over seven times as great as the 135,000 now receiving old age pensions in California.

2. Annual Payments Would Probably Amount to $1,560,000,000

The cost of one million pensions at $30 a week or $1,560 a year would be $1,560,000,000, to which must be added the cost of administration. In terms of real money, this figure is over twice the present cost of State and local government in California.

3. Cost of Proposed Plan Would Be Over Twenty-tight Times That of California's Present Old Age Pension

California now provides a $35 per month cash pension to all qualified persons sixty-five years of age or over who have been in California for at least five years. Approximately 135,000 persons now receive this pension and the cost—Federal, State, and county contributions combined — is now about $55,000,000 a year. The cost of the proposed $30-every-Thursday pension would be, in terms of real money, $1,560,000,000 a year, all of which would rest on the shoulders of California citizens. This would make the cost over twenty-eight times as much as the present State old age pension system, which is already the most liberal in the nation.

(Next week, in the October 11 Record, Mr. Peirce will continue his analysis of the "Ham and Eggs" proposal.)

Miss Lasswell Bride of B. Lycett

Gowned in a quaint old-fashioned frock of white satin and wearing the veil that her mother had worn, Miss Edna Lasswell exchanged marriage vows with Bernard Lycett Sunday afternoon at Our Lady of Perpetual Help church.

One of the loveliest weddings of the season, the ceremony was conducted by Reverend Father Phillip Ryan.

The bride, carrying a mother-of-pearl prayer book on which were white orchids, with a shower of lilies-of-the-valley as marker, was given in marriage by her brother, Bertram J. Lasswell.

Miss Ida May Lasswell, dressed in billowing rose satin, was maid of honor for her sister. Other attendants, in charming gowns of aqua satin and carrying boquets of orchids from which flowed velvet streamers, included Mrs. Thomas Holmes, Mrs. John Kellogg and Miss Pearl Roberts.

The groom's attendants were Mr. James Brannigan, best man; and Mr. Thomas Brannigan, Mr. Elmer Lycett, Mr. Jack Donovan and Mr. Peter Markovich as ushers.

During the ceremony, Mrs. C. J. Pauw sang "Ave Maria" and "Panis Angelicus."

Following the ceremony, Mr. and Mrs. Mervin Johnson, Cabrillo avenue, were hosts at a dinner for the bridal party.

Fresh ginger-flowers from Honolulu, sent by friends and relatives, featured the elaborate reception held later at the home of Mr. and Mrs. Jack Bonsors, Lake Merced Manor, which more than two hundred and fifty guests attended. Palms and hibiscus, as well, lent their own fragrance to the scene.

The young couple left Sunday evening for a honeymoon in the southern part of the state. Upon their return they will be at home to their friends in San Francisco.

The daughter of the late Mr. and Mrs. Edward C. Lasswell, Miss Lasswell was educated at Holy Name in San Mateo; Drew's school in San Francisco; the San Francisco Medical college and the San Francisco Music Conservatory.

Mr. Lycett is the son of Mr. and Mrs. Bernard J. Lycett, San Francisco. He attended school at St. James, St. Ignatius and the Santa Clara university. He is at present connected with the Standard Oil company.

Jefferson Speaks On Neutrality Act

A virtual draw was the result last week when one hundred and sixteen students of Jefferson Union high school were asked: "Should the United States repeal the Neutrality ace?" Sixty-six students voted "no;" fifty, "yes."

Equally opposed were the reasons given by each side. H i g h school repealists claimed that scrapping of the act would aid the unemployment problem. Non-repealists believed that the act will prove effective in keeping the United States from war.

The poll was conducted by The Totem Pole, Jefferson's school paper, which each week proposes a current question to the student body.

In order to observe Jefferson Union high school's student body in action as a possible model for their own student government, five representatives from the South City high school visited Jefferson last week.

Entertained by the executive members at luncheon, the visitors later attended the assembly and inspected the school and grounds. The were also given copies of Jefferson's constitution and by-laws.

"FOUR DAUGHTERS" STAR IN NEW PICTURE "DAUGHTERS COURAGEOUS" OPENING HERE

Lane Sisters Return Once More To D. C. Theatre

The first day of camera work on Warner Brothers' "Daughters Courageous," which opens tomorrow at the Daly City theatre, was a jolly reunion of the alumni of "Four Daughters," a First-Tenner among 1938's foremost pictures.

The "Daughters Courageous" cast includes every principal of the "Four Daughters" cast, its director, Michael Curtiz is the same, and the screen play was written by the same scenarists, Julius Epstein, with his brother, Phillip.

May Robson hurried back from an interrupted vacation with her son and grandson in New York in order to resume her film work with the rest of the cast. Lola Lane broke off a profitable personal appearance swing around the country. Jeffrey Lynn cancelled his trip to be the guest of honor at a sports carnival in Maine.

Dick Foran postponed one of his cowboy pictures for another screen producer; Claude Rains wired his wife to come on from Philadelphia and visit him, instead of going east as scheduled; and Frank McHugh unpacked the old black derby which he wears in his occasional roles as a steady going young business man.

Rosemary and Priscilla Lane reveled in three weeks of advance wardrobe fittings with Designer Howard Shoup; and Gale Page, hurried back from a vacation so that she, too, could join them.

Companion feature on the new bill will be "Racketeers of the Range," starring George O'Brien.

Priscilla, Rosemary and Lola Lane and Gale Page, the girls everybody loved as the "Four Daughters," are back in the new romantic drama, "Daughters Courageous," which will open tomorrow at the Daly City theatre.
